

2-PROPYLHEPTANOL INVESTMENT OPPORTUNITY SCORECARD CHEMICALS

MARCH 2021

CHEMICALS 2-PROPYLHEPTANOL

OPPORTUNITY DESCRIPTION: Opportunity to setup a 2-Propylheptanol production facility of 100 KMT to cater regional and global demand

متاح / Public

KEY DEMAND DRIVERS

- Increasing demand for plasticizers from their end-user industries has been the key factor for driving the 2-Propylheptanol market
- The upcoming automobile manufacturing cluster in KSA is expected to drive the 2-Propylheptanol demand
- Rapid industrialization coupled with growing construction activities in the Middle East and African countries is expected to propel demand for plasticizers which is driving the demand for 2-Propylheptanol
- Demand for 2-Propylheptanol is increasing in cleaning surfaces, adhesives and other applications

MARKET OVERVIEW

High Potential

Moderate Potential

GLOBAL TRENDS

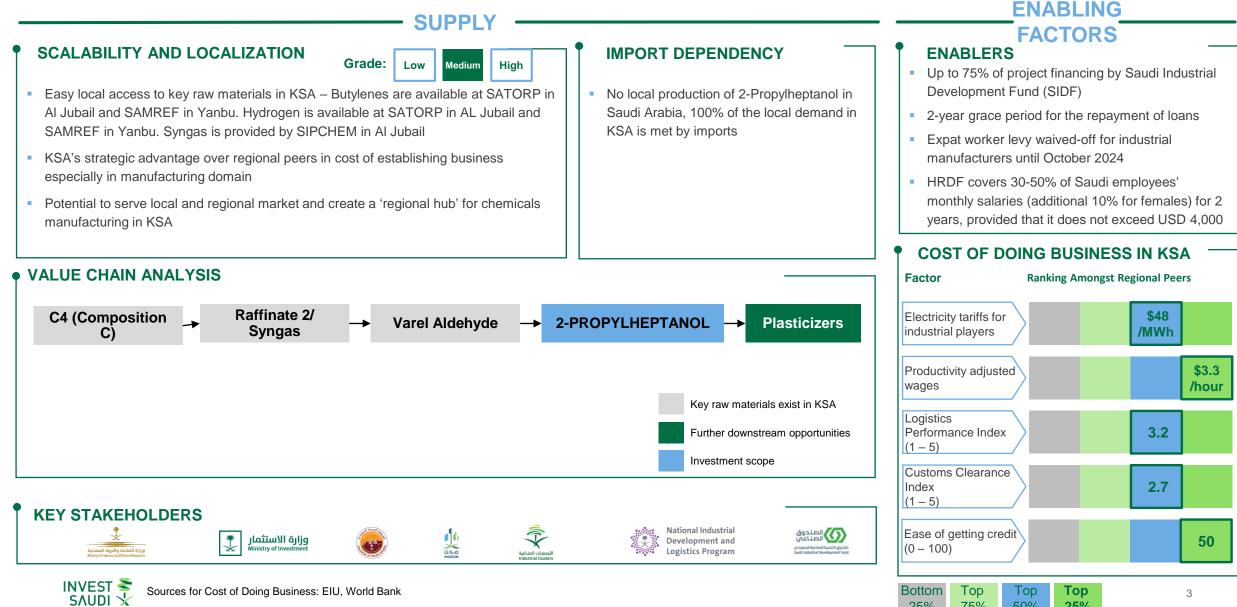

- The global plasticizers market is expected to grow from \$78.91 Bn in 2020 to \$93.77 Bn in 2025 at a CAGR of 3.5%. The growth will be mainly due to recovery from the COVID-19 impact*
- Growing lubricating oil market on account of growing automotive industry, particularly in emerging economies of China, India, Brazil, and Mexico is anticipated to propel plasticizer alcohols market demand
- The global plasticizer sector together with increasing demand from the solvents sector will be the foremost drivers in the global oxo alcohol market
- East Asia is estimated to account for the majority share of about 40% in the global 2-propylheptanol consumption

DEFINITIONS

#	SCORECARD SECTION	DEFINITIONS
1	Market size	Size of market in value/volume in KSA and/or Region (MENA/GCC) covering future projections based on available estimates from published /government sources
2	Demand drivers	A select number of factors that will influence future demand for the related product/service
3	Investment highlights	An overview of key financial metrics summarizing the investment opportunity along with the expected return based on the suggested investment size
4	Value proposition	Summary of key differentiators that position KSA as a strategic choice over other regional/global peers
5	Market readiness	An overview of KSA market structure, market maturity and level of participation by local and global players
6	Competitor analysis	List of the local & international players manufacturing the underlying product in Saudi Arabia and their market share
7	Global trends	Latest business developments within the sector/product category
8	Scalability and localization	Ease of scaling the business across the value chain or into new adjacent products or geographies that would maximize the opportunity's investment returns and the ability and potential to locally manufacture the product and its components
9	Import dependency	An overview of the countries from which Saudi Arabia is importing the product and their value/volume and share in total imports
10	Value chain analysis	The process or activities that would potentially need to be carried out to deliver the underlying product or service
11	Key stakeholders	Government institutions, organizations, and/or authorities that participate or influence the market for the underlying product/service
12	Enablers	Factors that enable investment in the underlying opportunity
13	Cost of doing business in KSA	Key factors that position KSA as a competitive destination for investment in the region. Productivity adjusted wages do not include cost of \$1.23/hour towards annual recurring charges including work permit, resident identity (iqama) and health insurance
